KUALA LUMPUR UNIVERSITY
OF SCIENCE AND TECHNOLOGY
(formerly known as Infrastructure University Kuala Lumpur, IUKL)

KLUST

22ND CONVOCATION ceremony

24 October 2026

Introduction

KUALA LUMPUR UNIVERSITY OF SCIENCE AND TECHNOLOGY
(formerly known as Infrastructure University Kuala Lumpur, IUKL)

KLUST

Kuala Lumpur University of Science and Technology (KLUST), located in Kajang, Selangor, Malaysia, spans a campus area of about 40 hectares with a total building space of 340,000 square meters. As a full-time institution offering integrated bachelor's, master's, and doctoral programs alongside dual-degree courses, KLUST stands as an application-oriented research university with a high degree of internationalization.

The university's origins can be traced back over 30 years to The Research and Training Institute of the Public Works Department, Malaysia (IKRAM). Through more than three decades of continuous educational development, KLUST has cultivated a profound academic tradition and a rich cultural foundation.

In 2023, under its former name, Infrastructure University Kuala Lumpur (IUKL), the institution ranked No. 1 among private universities in Malaysia and No. 2 in ASEAN in the AppliedHE (ASEAN Applied Universities) rankings. In 2025, it was further recognized by Malaysian education authorities as the 8th leading applied research university nationwide. Strengthening its global presence, the university is also a member of the Belt and Road Higher Education Strategic Alliance and has been awarded a Five-Star Excellent University rating for graduate employability.

On June 25, 2025, Infrastructure University Kuala Lumpur (IUKL) was officially renamed Kuala Lumpur University of Science and Technology (KLUST), marking a new chapter in its history. The university has established an educational philosophy of "digital foundations, intelligent drive, and AI empowerment"; defined the "Four Pillars and Eight Supports" framework for elite talent cultivation; set in place mechanisms for deep integration of industry and education through university–enterprise collaboration; and affirmed its commitment to the mission of strengthening the nation through science and technology, with firm resolve to use innovation to brighten lives and illuminate the future.

Institutional History

1998 — Established as IKRAM College

2001 — Renamed IKRAM College of Technology (iCT)

2003 — Upgraded to University College status and renamed Kuala Lumpur Infrastructure University College (KLIUC)

2012 — Upgraded to full university status and renamed Infrastructure University Kuala Lumpur (IUKL)

2025 — Renamed Kuala Lumpur University of Science and Technology (KLUST)

KLUST Logo

KUALA LUMPUR UNIVERSITY
OF SCIENCE AND TECHNOLOGY
(formerly known as Infrastructure University Kuala Lumpur, IUKL)

The KLUST logo reflects the University's vision for global leadership in science, technology and education, while symbolising its commitment to collaboration between China and Malaysia.

Its geometric, technology-inspired elements represent scientific and technological innovation, including artificial intelligence and emerging technologies. The open book, raised hand, trophy and tree symbolise knowledge, academic achievement, recognition, excellence and continuous growth.

The surrounding wheat stalks represent prosperity, hope and progress in education and research, while the seven stars signify excellence in teaching, research, innovation, industry engagement, community service, student development and global collaboration.

Together, these elements embody KLUST's identity and aspirations—bringing together education, technology, innovation, international collaboration, and sustainable development.

KLUST Mace

The mace is the symbol of the university's governing authority and power as accorded in the university's constitution. The Convocation Ceremony begins with the entrance of the University Mace, carried by the University Marshal. The mace is carried before the Chancellor, in procession and rests on its stand in full view of the assembly during Convocation. It signifies that the proceedings have official sanction. It is three feet in length and five kilograms in weight. The Kuala Lumpur University of Science and Technology mace is made of sterling silver and the head of the mace is highlighted in gold. Silver is chosen for its elegance and portrays modernity.

The crown of the mace signifying the academic bonnet represents the university's motto – **Honouring Sustainability, Serving Humanity; Embracing Integration, Striving for Excellence.** The head of the mace holds the university's logo in a prime position. The intertwined design of lines on the head signifies the integration of infrastructure knowledge in various fields of study.

The shaft is designed with vertical lines which symbolize the strengths of the university; versatility, integrity, innovativeness and professionalism. It also shows that the university is focused in providing quality education and advanced knowledge.

Message from the Chancellor

Dear Graduands,

It is my great pleasure to extend my heartfelt congratulations to all graduands of the 22nd Convocation Ceremony of Kuala Lumpur University of Science and Technology (KLUST).

Graduation is a significant milestone, but its real value lies in what comes next. The qualifications you receive today represent years of effort and learning. More importantly, they give you the foundation to approach new challenges with confidence and purpose.

Your journey is also part of KLUST's journey. As our university continues to grow and evolve, you will remain part of its story. Wherever your path takes you, remember that knowledge matters most when it is put to work, when it helps you make better decisions, solve meaningful problems, and create value for others.

As you begin this next chapter, I encourage you to remain curious, stay open to change, and have the courage to pursue what matters to you.

Congratulations, Class of 2026. Your KLUST journey has brought you here. What you do with it begins now.

Warmest regards,
Tan Sri Datuk Seri Panglima (Dr.) Aseh Hj. Che Mat

Message from the Chairman

Dear Graduands,

Today, you graduate. Graduation marks a significant milestone in life, but it is by no means the end of learning. As you step into a wider world, you will draw upon your knowledge, skills and wisdom to answer an important question: What kind of person do I aspire to become?

At Kuala Lumpur University of Science and Technology (KLUST), we firmly believe that the value of a university education extends far beyond a degree. Education should unlock potential, broaden perspectives, shape one's outlook and develop the ability to create. We draw inspiration from the ancient Chinese philosophical idea that "Three Gives Rise to All Things" (三生万物). For us, three represents connection, integration and creation: knowledge and practice come together, technology and the humanities complement one another, and personal aspirations connect with the needs of our time. When different bodies of knowledge, cultures and ideas meet, new possibilities emerge. This is the power of education.

One conviction has always guided my approach to education: to help one student succeed is to bring happiness to one family. The true value of a university lies not only in the knowledge it imparts, but also in helping students find their place in the world and develop the ability to adapt to change, solve problems and shape the future.

Dear Graduands, you are graduating at an extraordinary moment. Artificial intelligence, robotics, new energy, smart manufacturing and digital technologies are reshaping the world at an unprecedented pace. What will truly be scarce in the future is not technology itself, but people who can harness technology and create value. Technology can change the world, but people will always determine the direction of its development.
With this conviction, KLUST is actively advancing its technology-driven and international development, while deepening the integration of education and industry. We are committed to nurturing a new generation of talent with professional competence, an innovative spirit and a global outlook. A university must not merely follow industry; it must work alongside industry to create the future.

I have long held a firm educational ambition: to establish KLUST as an internationally influential "Stanford of the East", serving as a model for international education and deep industry integration, and advancing the

progress of our time through educational innovation. This is more than a vision for the university's development; it is a solemn commitment to your future.

Dear Graduands, the future will not always offer clear answers. When answers are lacking, exercise sound judgement; when no path lies before you, have the courage to forge one. In times of change, continue learning, and when faced with difficulties or temptation, hold fast to your principles. Be your own lighthouse: know yourself, remain firm in your direction and take responsibility for the choices you make.

As your teacher, I hope you will remember three things: success requires good mentors, success requires a supportive environment, and above all, success requires high standards. I, too, continue to seek guidance from good mentors and to learn throughout my life. I strive to create an educational environment with warmth, breadth and high aspirations, while holding myself to high standards. I remain committed to building KLUST into the "Stanford of the East", so that you can pursue rewarding careers, lead fulfilling lives and achieve outstanding things in life.

Today, I would also like to leave you with one further thought: when you are able to do so, become a good mentor to others and help create an environment in which they can grow. True success is not only about achieving something for yourself; it is also about being willing, even after you have travelled far, to help others go further. This is one of the most meaningful legacies of education.

Today, you begin a new journey as graduates of KLUST. I hope that, in the years ahead, the world will come to know KLUST through your achievements, and that KLUST will have reason to be proud of you. Wherever you go, remain curious, continue learning and stay true to your aspirations. Through your own growth, help create a better future for others.

Years from now, when you look back on this day, may you be able to say with pride: I did not waste my potential, I made the most of the opportunities of my time, and I did not betray the trust of those who believed in me.

My heartfelt congratulations on your graduation. May you have direction in your heart, a world of possibilities in your eyes, strength beneath your feet and a sense of responsibility on your shoulders. Step forward into the future, become the best version of yourself, and help make the world a better place. Please accept my warmest congratulations and best wishes.

Warmest regards,
Prof. Chen Xiaoyun

主席寄语

亲爱的同学们：

今天，你们毕业了。

毕业，是人生的重要里程碑，却不是学习的终点。从今天起，你们将走向更广阔的世界，用知识、能力与智慧回答一个重要的问题：未来，我要成为一个怎样的人？

在吉隆坡科技大学（吉科大），我们始终相信，大学教育的价值远不止于一张文凭。教育的意义在于唤醒潜能、拓展视野、塑造格局，赋予创造的能力。我们讲“三生万物”。“三”，象征连接、融合与创造。知识与实践相融，科技与人文相通，个人理想与时代需求相连。当不同的知识、文化与思想交汇，新的可能便由此诞生。这，就是教育的力量。
我始终秉持一个坚定的教育理念：成就一个学生，幸福一个家庭。大学真正的价值，不仅要传授知识，更要帮助学生找到自己在世界中的位置，培养适应变化、解决问题和开创未来的能力。

同学们，你们正毕业于一个非凡的时代。人工智能、机器人、新能源、智能制造与数字科技，正以前所未有的速度重塑世界。未来真正稀缺的，不是技术本身，而是能够驾驭技术、创造价值的人。科技可以改变世界，但决定科技发展方向的，始终是人。

因此，吉科大积极推动科技化、国际化与产教深度融合，致力于培养兼具专业素养、创新精神与国际视野的新时代人才。大学不能只是追随产业，而要与产业共同创造未来。

我始终怀有一个坚定的教育理想：将吉科大建设成为具有国际影响力的“东方斯坦福”，成为教育国际化与产教深度融合的示范者，以教育创新推动时代进步。这不仅是大学的发展愿景，更是我们对学生未来的郑重承诺。

同学们，未来不会永远有标准答案。没有答案时，要善于判断；没有道路时，要勇于开拓；面对变化时，要持续学习；面对困难与诱惑时，要坚守原则。成为自己的灯塔。认识自己，坚定方向，并为自己的选择负责。

作为你们的老师，我希望你们记住三句话：成功需要有良师；成功需要好环境；成功更需要有高标准。我也始终坚持向良师请教、终身学习，努力营造一个有温度、有宽度、有高度的育人环境，时刻以高标准要求自己，办东方的斯坦福，从而让你们实现光彩就业、精彩生活、出彩人生。

今天，我还想再送给你们一句话：当你有能力时，请成为他人的良师，也成为他人成长路上的良好环境。真正的成功，不只是成就自己，更是在走得更远之后，依然愿意帮助更多的人走得更远。这，就是教育最有意义的传承。

今天，你们将以吉科大毕业生的身份开启新的征程。我希望，未来世界将因为你们而认识吉科大，吉科大也因为你们而感到骄傲。无论走到哪里，请保持好奇心、持续学习、坚守理想，以自身的成长成就更多人的未来。

若干年后，当你们回望今天，愿你们能够自豪地说：我没有辜负自己的潜能，没有辜负这个时代，也没有辜负曾经相信我的人。

衷心祝贺你们毕业！

愿你们：
心中有方向，眼里有世界，脚下有力量，肩上有责任。
向未来出发，成为最好的自己，也让这个世界因为有你们而更加美好。

谨致以我最热烈的祝贺和最美好的祝愿！

Message from the Acting President & Vice-Chancellor

Dear Graduands,

On behalf of Kuala Lumpur University of Science and Technology, I extend my warmest congratulations to the Class of 2026 on the occasion of our 22nd Convocation Ceremony.

Today, we honour your hard work, dedication, and perseverance. The knowledge, technical skills, and character you have built during your time at KLUST have prepared you to meet the demands of a rapidly evolving technological landscape. As you step out as proud ambassadors of our university, I encourage you to lead with innovation, act with integrity, and never cease to pursue excellence.

I also express my deepest gratitude to our faculty, staff, and parents whose continuous support and sacrifices have helped turn today's dreams into reality.

Graduands, this ceremony marks both a culmination and a commencement. May your future endeavours bring you fulfillment and success. Congratulations!

Chancellor's Award

Hussein Aidaros Salem Al-Aidaros

Bachelor of Civil Engineering with Honours

Hussein Aidaros Salem Al-Aidaros is proud to have completed his Civil Engineering degree at KLUST, drawn by the university's academic reputation and experienced faculty. As the youngest in his family and the second to pursue higher education, he made the most of his university experience, contributing as a structural design engineer to the Masjid Ikram Extension Project and completing an internship at I-Ras Consult Sdn. Bhd. His commitment to academic and professional excellence was recognised with the prestigious IEM Gold Medal Award 2025, presented at the IEM 67th Annual Dinner and Awards Night on 18 April 2026.

Beyond the classroom, Hussein actively participated in the Civil Engineering Club's activities, including Wood & Wave 2024, Superhero Bowling Day, i-Protas 1.0 and i-Protas 2.0. He also supported his peers by sharing his knowledge of structural modelling software, including ESTEEM and STAAD.Pro. Reflecting on his journey, Hussein expresses his sincere gratitude to his family, wife, lecturers, university management and friends for their encouragement and support throughout his studies and professional development.

Vice Chancellor's Award

Dr. Li Xiaolin
Doctor of Philosophy in Education

Li Xiaolin, an English teacher and Deputy Director of the International Cooperation and Exchange Office at Lanzhou Institute of Technology, pursued her PhD at KLUST while managing the demands of a full-time career and family life as a wife and mother to her daughter, Julia. Her family's love and encouragement provided a vital source of strength throughout this journey. She chose KLUST to deepen her teaching expertise and demonstrate to her daughter the value of lifelong learning and perseverance. Her academic achievements include two Gold Awards for research innovations in 2023 and 2024, reflecting her commitment to academic excellence.

Beyond her academic pursuits, Xiaolin's experience at KLUST was shaped by the patience and guidance of her supervisor, along with the friendships she formed with fellow students. Shared experiences, from potluck gatherings to academic activities, made her journey especially meaningful. She extends her sincere gratitude to her family, supervisor, lecturers and friends, recognising their invaluable support in helping her reach this milestone.

Born and raised in Bandar Baru Bangi, Farah Nylia Arisya chose KLUST for its specialised Teaching English to Speakers of Other Languages (TESOL) programme and dedicated lecturers. As the youngest of three siblings, all of whom pursued higher education, she approached her studies with a strong sense of purpose. Although balancing time and responsibilities presented challenges, her parents' sacrifices remained a constant source of motivation throughout her university journey.

Her experience at KLUST extended beyond the classroom. Farah served as Vice Manager for a badminton event in 2024 and played piano with the IUKL Music Club (MUSE). She also pursued her interests in ice hockey and ice skating while contributing to community initiatives, including charity runs and ongoing food distribution efforts for the homeless. These experiences helped shape her personal growth and broaden her engagement with the community.

After gaining experience as a freelance online tutor and grammar checker, Farah returned to KLUST as an English Lecturer. Today, she is committed to inspiring young people through education and helping them develop their potential. She extends her sincere gratitude to her parents, lecturers, friends and everyone who supported her journey.

Farah Nylia Arisya binti Noor Azmi
Master of Arts in Teaching of English to Speakers of Other Languages

Vice Chancellor's Award

Rasha Mohamed Rilwan
Bachelor of Computer Science (Honours)

Born in Madinah, Saudi Arabia, and currently residing in Sri Lanka, Rasha Mohamed Rilwan is the eldest of four siblings and the first in her family to pursue higher education abroad. She chose KLUST for its scholarship opportunities and supportive lecturers. Despite financial challenges in her second year, she stayed committed to her studies, motivated by her family's sacrifices and her responsibility as a role model for her younger siblings. Her university experience also inspired her to develop SaveRasa, an AI-powered application designed to reduce food waste, reflecting her interest in applying technology to real-world challenges.

Beyond academics, Rasha actively contributed to campus life through the KLUST Cyber Alliance, represented the university at MARVEX & Engineer 2025 and helped organise an aquaponics workshop. Her community involvement extended across Malaysia and beyond, including Projek Kerjasama SMK Batu Laut, a beach clean-up at Bagan Lalang, and designing sports day certificates for the Sri Lankan International School in Dammam. These experiences complemented her professional background as an Early Childhood Educator in Saudi Arabia and her internship as a UX/UI Designer and Front-End Developer at Awesomeree Sdn. Bhd.

For Rasha, KLUST became more than a place of learning. Shared experiences, including Ramadan iftar gatherings and movie nights, helped her build lasting friendships and a sense of belonging away from home. She extends her sincere gratitude to her parents, lecturers, and friends for their encouragement and support, which made KLUST a second home throughout her academic journey.

Revathi Jeevanathan, a graduate of the Bachelor of Science in Logistics and Supply Chain Management, was born and raised in Sentul, Kuala Lumpur. As the youngest in her family, she takes pride in being the first to earn a bachelor's degree. Her university journey was shaped by resilience and perseverance as she navigated financial challenges, including hostel fees, while relying primarily on PTPTN funding to support her studies. The loss of her beloved guardian was another defining moment, yet the values and strength instilled in her continue to guide and inspire her.

Beyond her academic pursuits, Revathi played an active role in campus life as President of the PEMADAM Club. Through her involvement in student and community programmes, she developed her leadership capabilities, strengthened her confidence, and gained valuable experiences beyond the classroom. Reflecting on her journey, Revathi expresses her heartfelt gratitude to her family, fiancé, friends, lecturers, and everyone who stood by her through her challenges and milestones. Their encouragement and support have been instrumental in helping her reach this achievement.

Revathi A/P Jeevanathan
Bachelor of Science (Honours) in Logistics and Supply Chain Management

Vice Chancellor's Award

Noor Zahin Rifdi Bin Noor Hasnan
Diploma in Information Technology

Born at Hospital Islam Az-Zahrah in Bandar Baru Bangi, Selangor, and now residing in Mantin, Negeri Sembilan, Noor Zahin Rifdi is the youngest of five siblings and the second in his family to pursue university education, following his brother, Aiman. Inspired by his brother's experience, he chose KLUST, where he discovered his passion for Information Technology. Throughout his studies, he worked to overcome challenges in time management, meeting deadlines, and mastering demanding subjects. His family remained a key source of motivation as he pursued his academic goals, including earning a place on the Dean's List and securing a 50% tuition fee waiver.

Beyond the classroom, Zahin took an active role in student engagement and community activities. As an MPU group leader, he helped organise educational activities for kindergarten students at GMIS and served as a KLUST facilitator at Kajang Vocational College. During his three-month industrial training at Waix Technologies Sdn. Bhd., he gained practical experience by developing a company website and working with technologies such as MongoDB and AI video generators. Building on his interest in technology, Zahin is now pursuing a Bachelor of Computer Science (Hons) in Artificial Intelligence at Asia Pacific University. He expresses his sincere gratitude to his family, lecturers, university management, and friends for their guidance and encouragement, which made his time at KLUST a meaningful chapter in his academic journey and gave him a second home.

Surendar a/l Ganessan is the eldest child and the first in his family to pursue higher education; he chose KLUST for its convenient location and the alignment of its academic programmes with his aspirations. Throughout his studies, his family's encouragement remained an important source of motivation, helping him stay focused on his academic goals. His early work experience as a promoter and service crew member at Skyline also provided valuable opportunities to develop adaptability and practical workplace skills.

At KLUST, Surendar's university experience extended beyond academic learning. Through collaboration with faculty members, involvement in university leadership, and participation in community outreach initiatives, he strengthened his communication skills, learned the value of teamwork, and developed a deeper sense of civic responsibility. These experiences broadened his perspective and reinforced his commitment to contributing to the wider community.

Surendar is currently pursuing a Bachelor's degree in English for Professional Communication at KLUST, continuing his academic journey with a focus on personal and professional development. Looking ahead, he hopes to expand his involvement in community volunteerism and make a meaningful contribution to society. His journey reflects the value of family support, active participation, and a continued commitment to learning.

Surendar A/L Ganessan

Board of Engineers (BEM) Award

Wong Seow Yin

Bachelor of Civil Engineering with Honours

Originally from Kuala Lumpur and now based in Cyberjaya, Wong Seow Yin has built a strong foundation in engineering through his studies at Kuala Lumpur University of Science and Technology (KLUST) and practical industry experience. He currently works as a Project Engineer at Sunway Construction, building on the experience gained during his internship at Ranhill Engineering. These early professional opportunities helped him connect his academic knowledge with the practical demands of the construction and engineering industry.

During his time at KLUST, Seow Yin developed his technical capabilities through his final-year project and strengthened his interpersonal skills through active participation in campus activities. His involvement in the Chinese Society Club and the UTAR SES-IX competition also provided opportunities to collaborate with others, broaden his perspectives and challenge himself beyond the classroom. Throughout this journey, the guidance of dedicated faculty members played an important role in supporting his academic development.

As he continues to progress in his engineering career, Seow Yin expresses his sincere gratitude to KLUST for providing a supportive learning environment, as well as to his family and peers for their encouragement. The knowledge, experiences and relationships he gained during his university years continue to serve as a foundation for his professional growth.
